CHURCH MAGAZINE—NOVEMBER 2023

Mansfield Road Baptist Church

## Message for November from Neelam Sidhu

We live in this world by the Grace of God. His grace is sufficient for us, however, we still have weaknesses. How is it possible for someone to live with both? Jesus never made anyone feel weak or embarrassed. In each story in the New Testament, Jesus always encouraged people to look forward to receiving healing, deliverance, happiness, love and fruits of the spirit. HE leaves all our weaknesses aside and allows us to experience new achievements. Jesus' love makes us soldiers to overcome all negative thoughts and actions. We should stop focusing on our weaknesses but instead step forward to cast them out.

In 2 Corinthians 12:9 it says: *But he said to me, "My grace is sufficient for you, for my power is made perfect in weakness." Therefore I will boast all the more gladly about my weaknesses, so that Christ's power may rest on me.* This verse is telling us that Jesus' power is perfected in our weakness. We like to minimize our weaknesses and focus on our strengths. We place the pressure on our own strength to get by, but God claims, *"my grace is sufficient for you" and "my strength is made perfect in weakness."*

## A contribution this month from Rosella Yaro

I am pleased to tell a story of what my life is with God and His love for my life and how I wanted to serve Him with all that I have within me.

First of all, I was born in Jamaica in the parish of Clarendon, Lionel Town. I came to England at the age of 13 and attended Bentinck School which at that time was an all girls school. I left school at the age of 15 to do shorthand and typing. Somehow I decided office work was not for me so I decided to join the British Red Cross through which I was able to do training for nursing. This was at the General Hospital.

I was baptised in the Bethel Apostolic Church of God when I was 16 years old where I found God's love after coming from a Christian home. I have been married twice and had three children although my eldest daughter sadly has died.

God has had many plans for me. He has shown me I can be whatever I want to be with many talents that I know I have, so I praise Him. I have a passion for cooking and after doing a Fashion and Design course at Clarendon College, I love dressmaking and I make a lot of my own clothes.

God has given me the purpose of looking after my grandson, Marcel, since he was 5 years old. He is now 32.

I give God all the glory for his wisdoms. That I will hold on to for as long as I have breath within because I know the purpose of God is love and I pray to Him because I do not forget the day when I became a member of Mansfield Road Baptist Church. And I will say again and again to God be the glory. Praise Him with

thanksgiving glory.

See Psalm 136: *"O give thanks unto the LORD; for he is good: for his mercy endures for ever....."*

Blessed be His holy name. Love and peace to all. Amen.

## Renew Wellbeing Café

The Renew Wellbeing Café has been running each Thursday for just over a year now. Each week we never know who will come through the door. One week recently a carer called Tim popped in and enjoyed beating two of us at scrabble! We had quite an in-depth conversation on life itself and when he left he thanked us for the “peaceful ambience” he had experienced that afternoon.

As an extra to our usual activities we have a guest craftperson coming to facilitate a

## **Tony Peace has sent some recent photos and writes:**

I visited Felley Priory one Thursday which was my respite time while Anne was at the Day Centre she attends. It was good to find a selection of plants showing their autumn fruits and flowers. There are usually a variety of unusual plants as well as the more well known. Felley Priory is near junction 27 on the M1 so not far to go and also has a very nice tea room!

## Summary of the October Prayer Letter of Pippa and Toby Vokuhl

[www.bmsworldmission.org/ptvokuhl](http://www.bmsworldmission.org/ptvokuhl)

### **Toby writes:**

It has been two months since we returned to Nepal. Having arrived back in the middle of the monsoon season, we found the social action wing of the Pokhara Christian Community has been busy responding to the annual monsoon rain-induced landslides and flooding, in collaboration with local authorities.

***Toby continues by describing in detail the impact of the monsoon rains, describing landslides and floods which have resulted in loss of life. Local churches helped and are continuing to help thousands of people by providing temporary shelter, materials to patch up dwellings, food and non-food supplies. All this requires loaded trucks to be driven for up to seven days to reach remote areas.***

***He requests prayer ...***Would the presence of Jesus be ever so palpable, in all that is done and said. Please pray into these situations with us.

***and shares a ray of hope ...***A picture of sun rays breaking through the Kathmandu clouds reminds me of a recent baptism we witnessed, and the resulting celebration of joy. We see Christ in the present, Christ in the middle and among us, a living and present reality. Delight with us and pray that the sun will continue to break through the clouds and light the way.

***and family news ...***The children have settled back into the excellent school here in Kathmandu. Thank you so much for your prayers regarding this. Given work-related travel and urgent INF commitments I need to renew my focus on progressing the PhD research project. Pippa will soon be engaging with some local Christian initiatives, more on this soon.

***He ends with these words ...***Whatever disaster we might find ourselves in, or whatever tumultuous circumstances might befall those we walk alongside, we can be certain that Christ the healer has already been in the middle of it all, we just need the eyes to see him.

With our love, Toby, Pippa, Jakey, Ella, and Millie

***Recently, Toby and Pippa sent a personal letter to MRBC asking how we all were and sending greetings, remembering with fondness their visit in the summer of 2022 when they all - including the children - shared details of their work and had lunch with us. How touching this was, to find time to remember us!***
